

The Centre for Telecommunications Value-Chain Research

Project Description

CTVR is part of a major €69 million investment package in telecommunications and supply chain technologies sector agreed by Lucent Technologies' Bell Labs, IDA Ireland and Science Foundation Ireland. CTVR is an SFI CSET involving a number of different Irish universities and institutes. The research to be undertaken in CTVR will focus on advancements in product engineering, manufacturing and value/supply chain techniques, tools and technologies. 4C leads one of the five "strands" of CTVR, the Value Chain Optimisation strand.

Project Coordinator

Dr. Ken Brown (formerly Prof Eugene C. Freuder)

Project Collaborators

Bell Labs, NITM and CTVR

Science Foundation Ireland

CSET - 03/CE3/1405

Start Date: 14.07.2004

End Date: 13.07.2009
